

Welcome to Jandeo

Jandeo is a Christian website that helps parents purposefully teach their children responsibility, financial management and good habits. The Jandeo system uses chore and behavior charts with positive rewards to make parenting fun and good behavior rewarding.

We help your organization, school or ministry raise money by simply guiding new families in your community to subscribe to Jandeo. The fundraising is very simple. You can send the email we provide to your organizations contacts (no spamming). Also, your team can pass out brochures, promote Jandeo on your website (simply copy the link from the email we provide), or promote Jandeo in your newsletter (Be SURE to include your "Giving Code"). Anyone subscribing using your unique link or your Giving Code will **earn \$10 for your organization**.

We let the customer SEE what they are buying BEFORE they pay ANY MONEY (Jandeo includes a 30 day free trial period). YOU get \$10 from their paid subscription. Here are the details -

- 1) Register online through our fundraising portal: www.jandeo.com/orgsignup.cfm
- 2) Jandeo will contact you to find out about your organization. Once approved, we create your online fundraising account. We reserve the right to reject any organization for any reason.
- 3) We will email you an introduction letter explaining the easy customer process. We will also send you a fundraising email with your unique link, and send the Jandeo Brochure with your organizations unique giving code.
- 4) Send the email to your organizations entire email list, and print and distribute copies of the Brochure to your fundraising team members for them to use with new customers. Print as many as you need.
- 5) Reach out to families in your community with children ages 4 to 14. Send them your email or give them a Jandeo Brochure with your Giving Code to enter during registration. No one in your organization has to collect any money, and no customer has to pay for anything that they have not reviewed.
- 6) Watch the mail for your checks

How much money can you make?

When a subscriber pays their annual subscription using your giving code, \$10 of the first year's subscription payment will go to your organization. Here is an example:

15 fundraisers get 10 new subscribers each:	150 families
You get \$10 of their subscription:	x \$10 to your organization
Your proceeds are	-----> \$1500

You get a check within 14 days of when they pay their subscription.

It is that simple. Jump online to www.jandeo.com/orgsignup.cfm to sign up your organization today, or you are welcome to call us at (866) 98 HABIT [(866) 984-2248]. Be sure to also review the fundraising agreement at <http://www.jandeo.com/fundraisingagmt.cfm> .
